

Cancellation Policy

When a space in class is reserved through the app one credit will be deducted from your Pass.

If you cancel your reservation less than 24 hours ahead of the class, then this will be considered a late cancellation and that credit will be lost.

If cancellation is made with more than 24 hours' notice, then the credit will be added back onto your pass to use another time.

If Saerobic Fitness cancels a class then there will be no penalty to you, spaces will be offered in another class that week subject to availability, if possible, a replacement session will be organised.

To avoid disappointment, it is vital that you reserve your space in class in good time. We have a limited number of trampolines, and you will not be able to attend without booking in advance.
